### TO THE CITIZENS OF RENO.

I HAVE BEEN A RESIDENT OF YOUR  
town for three years, and outside of my own  
business have not seen a decent pair of boots  
that were made here. In order, therefore, to  
extend to everyone facilities for obtaining ren-  
dly first-class boots and shoes, I have sent to  
San Francisco for two A. No. 1 mechanics, the  
best to be found in the country, and shall run  
(as here before) a prime first-class shop. This  
enlargement of my stock and facilities will en-  
tail heavy extra expense, and I look and trust,  
therefore, to Reno's citizens, and all the people  
generally, desirous of obtaining the very best  
of workmanship, to aid me with their increased  
patronage. First-class material, first-class  
workmen and first-class work, at living rates,  
is the motto of my concern, and is inscribed on  
the banner floating from my castle walls.  
Respectfully,

## Mr. Randall's Chances.

The Pittsburgh (Pa.) Post takes issue with Mr. Watterson of the Louisville Courier-Journal, in his assertion that Mr. Randall "won't get ten votes in the South, and not more than ten in the West" for the next Speakership. The Post asserts that "Mr. Randall has at this time, in the Southern States, from thirty to forty supporters among the members of the House elect, and in the Northern States from sixty to seventy votes upon which he can rely;" and it adds: "Were the caucus held to-day, he would go into it with not less than one hundred votes, which would be ample to secure him the nomination." The San Francisco Call thinks "the Courier-Journal advocates the claims of Mr. Carlisle of Kentucky for the Speakership against all other candidates, and it is possible that its zeal in his behalf obscures its mental vision when other names are mentioned in this connection."

It is a significant fact that just in the degree that President Arthur's course has been denounced by the professional politicians it has been acceptable to the country, and has produced a general feeling of confidence and respect for his administration, says Harper's Weekly. The President is a strong party man, and the interests of his party are dear to him. It must be pleasant for him, therefore, to know that at least his administration has not weakened the hold of his party upon public confidence. His course indeed, has illustrated the truth of the notable saying of President Hayes, that he serves his party best who serves his country most. It is a truth, which, however abstractly obvious, administrative officers find very hard to put into practice. But they who absolutely do it have their reward. While the professional politicians sneer, the good sense of the people applaud, and the President himself must see that precisely as fast and as far as he disregards the wishes of party bucksters he commends his administration to an honorable place in American history.

In the course of an interview in Chicago the other day Judge Field mentioned a matter that is probably not generally known, that the Supreme Court Judges, when traveling upon the circuit, pay their own expenses. "A member of the Supreme Court," he said, "is the only government official who has to pay his own expenses." In Judge Field's case he said his circuit traveling expenses were \$1,000 a year when he went alone, and if his wife accompanied him it cost him \$2,000.

The many friends of General Crook will unite in asking, Secretary of War Lincoln to assign General Crook to San Francisco to succeed General Schofield, should the latter gentleman be ordered to St. Louis. No General in the army is as popular in California as Crook, and it would give universal satisfaction to the people to have him in command there.

The Brooklyn Eagle, Democrat, says that all safe estimates of the result of the next Presidential contest will put Virginia in the list of doubtful States. And the Augusta (Ga.) Chronicle, another Democratic paper, says it will not be surprised if Maryland, Florida and South Carolina follow Virginia into the Republican camp.

The Chicago Times Washington correspondent telegraphs that President Arthur intends soon to leave Washington for three months. He desires to visit Newport, Yellowstone Park, the Louisville Exposition, and take a trip over the Northern Pacific road.

It is stated that the Central Pacific Railroad Company has collected the agricultural statistics of California and they foot up \$82,700,000—not including hay—which, next to wheat, is perhaps the most valuable of all—more valuable in fact than the gold yield.

Democrats who talk about renominating "the old ticket," meaning Tilden and Hendricks, are reminded by the San Francisco Alta that there is an older ticket which, if they please, they may run again, viz: the one composed of McClellan and Pendleton.

The Workingmen's Party of California is to be reorganized on its original basis, and Major Kallioh announces that he will lead it to victory.

Thurman's choice for Governor of Ohio was Gen. Durbin Ward. But Hoadley had the "sack."

The Elko Free Press (weekly) is shortly to be transformed into a daily newspaper.

## NO HOME EXEMPT.

The Source of Those Mysterious Troubles That Come to Every Household Explained.

The following article from the Democrat and Chronicle, of Rochester, N. Y., is of so striking a nature and emanates from so reliable a source, that it is herewith re-published entire. In addition to the valuable matter it contains, it will be found exceedingly interesting. To the Editor of the Democrat and Chronicle:

Srs.—My motives for the publication of the most unusual statements which follow, are, first, gratitude for the fact that I have been saved from a most horrible death, and secondly a desire to warn all who read this statement against some of the most deceptive influences by which they have ever been surrounded. It is a fact that to-day thousands of people are within a foot of the grave and they do not know it. To tell how I was caught away from just this position and to warn others against nearing it, are my objects in this communication.

On the first day of June, 1881, I lay at my residence in this city surrounded by my friends and waiting for death. Heaven only knows the agony I then endured, for words can never describe it. And yet, if a few years previous, any one had told me that I was to be brought so low, and by so terrible a disease, I should have scoffed at the idea. I had always been uncommonly strong and healthy, had weighed over 200 pounds and hardly knew, in my own experience, what pain or sickness were. Very many people who will read this statement realize at times that they are unusually tired and cannot account for it. They feel dull and indefinite pains in various parts of the body and do not understand it. Or they are exceedingly hungry one day and entirely without appetite the next. This was just the way I felt when the relentless malady which had fastened itself upon me first began. Still I thought it was nothing; that probably I had taken a cold which would soon pass away. Shortly after this I noticed a heavy, and at times a neuralgic, pain in my head, but as it would come one day and be gone the next, I paid but little attention to it. However, my stomach was out of order and my food often failed to digest, causing at times great inconvenience. Yet I had no idea, even as a physician, that these things meant anything serious or that a monstrous disease was becoming fixed upon me. Candidly, I thought I was suffering from Malaria and so doctored myself accordingly. But I got no better. I next noticed a peculiar color and odor about the fluids I was passing—also that there were large quantities one day and very little the next, and that a persistent froth and scum appeared upon the surface, and a sediment settled in the bottom. And yet I did not realize my danger, for, indeed, seeing these symptoms continually, I finally became accustomed to them, and my suspicion was wholly disarmed by the fact that I had no pain in the affected organs or in their vicinity. Why I should have been so blind I cannot understand.

There is a terrible future for all physical neglect, and impending danger always brings a person to his senses, even though it may then be too late. I realized, at last, my critical condition and aroused myself to overcome it. And, Oh! how hard I tried! I consulted the best medical skill in the land. I visited all the prominent mineral springs in America and traveled from Maine to California. Still I grew worse. No two physicians agreed as to my malady. One said I was troubled with spinal irritation; another, nervous prostration; another, malaria; another, dyspepsia; another, heart disease; another, general debility; another, congestion of the base of the brain; and so on through a long list of common diseases, the symptoms of all which I really had. In this way several years passed, during all of which time I was steadily growing. My condition had really become pitiable. The slight symptoms I at first experienced were developed into terrible and constant disorders—the little twigs of pain had grown to oaks of agony. My weight had been reduced from 207 to 190 pounds. My life was a torture to myself and friends. I could retain no food upon my stomach, and lived wholly by injections. I was a living mass of pain. My pulse was uncontrollable. In my agony I frequently fell upon the floor, convulsively clutching the carpet, and prayed for death. Morphine had little or no effect in deadening the pain. For six days and nights I had the death-premonitory hiccoughs constantly. My urine was filled with tube casts and albumen. I was struggling with Bright's Disease of the kidneys in its last stages.

While suffering thus I received a call from my pastor, the Rev. Dr. Foote, rector of St. Paul's church, of this city. He felt that it was our last interview, but in the course of conversation he mentioned a remedy of which I had heard much but had never used. Dr. Foote detailed to me the many remarkable cures which had come under his observation, by means of this remedy, and urged me to try it. As a practicing physician and a graduate of the schools, I overbore the prejudice both natural and common with all regular practitioners, and decided the idea of any medicine outside the regular channels being the least beneficial. So solicitous, however, was Dr. Foote, that I finally promised I would waive my prejudice and try the remedy he so highly recommended. I began its use on the 1st day of June and took it according to directions. At first it sickened me; but this I thought was a good sign for me in my debilitated condition. I continued to take it; the sickening sensation departed and I was able to retain food upon my stomach. In a few days I noticed a decided change for the better as also did my wife and friends. My hiccoughs ceased and I experienced less pain than formerly. I was so rejoiced at this improved condition that, upon what I had believed but a few days before was my dying bed, I vowed, in the presence of my family and friends, should I recover I would both publicly and privately make known this remedy or the good of humanity, wherever and whenever I had an opportunity. I

also determined that I would give a course of lectures in the Corinthian Academy of Music in this city, stating in full the symptoms and almost hopelessness of my disease and the remarkable means by which I have been saved. My improvement was constant from that time, and in less than three months I had gained 26 pounds in flesh, became entirely free from pain and I believe I owe my life and present condition wholly to Warner's Safe Cure, the remedy which I used.

Since my recovery I have thoroughly re-investigated the subject of kidney difficulties and Bright's disease, and the truths developed are astonishing. I therefore state, deliberately, and as a physician, that I believe more than one-half the deaths which occur in America are caused by Bright's disease of the kidneys. This may sound like a rash statement, but I am prepared to fully verify it. Bright's disease has no distinctive symptoms of its own, (indeed, it often develops without any pain whatever in the kidneys or their vicinity), but has the symptoms of nearly every other known complaint. Hundreds of people die daily, whose burials are authorized by a physician's certificate of "Heart Disease," "Apoplexy," "Paralysis," "Spinal Complaint," "Rheumatism," "Pneumonia," and other common diseases, when in reality it was Bright's Disease of the kidneys. Few physicians, and fewer people, realize the extent of this disease or its dangerous and insidious nature. It steals into the system like a thief, manifests its presence by the commonest symptoms, and fastens itself upon the constitution before the victim is aware. This nearly as hereditary as consumption, quite as common and fully as fatal. Entire families, inherit it from their ancestors, have died, and yet none of the number know or realized the mysterious power which was removing them. Instead of common symptoms it often shows none whatever, but brings death suddenly, and as such is usually supposed to be heart disease. As one who has suffered, and knows by bitter experience what he says, I implore every one who reads these words not to neglect the slightest symptoms of kidney difficulty. Certain agony and possible death will be the sure result of such neglect, and no one can afford to hazard such chances.

I am aware that such an unqualified statement as this, coming from me, known as I am, throughout the entire land as a practitioner and lecturer, will arouse the surprise and possible animosity of the medical profession and astonish all with whom I am acquainted, but I make the foregoing statements, based upon facts which I am prepared to produce, and truths which I can substantiate to the letter. The welfare of those who may possibly be sufferers such as I was, is an ample inducement for me to take the step I have, and if I can successfully warn others from the dangerous path in which I once walked, I am willing to endure all professional and personal consequences.

J. B. HENION, M. D.

The Salt Lake Chronicle is opposed to the Presidential ticket of Edmunds and Harrison for the following reasons: Senator Geo. F. Edmunds and Senator Ben Harrison have been frequently suggested as a good ticket for 1884. If superior talent, broad statesmanship, and irreproachable moral character are essential qualifications, these gentlemen possess them in a rare degree. But it would be easier to find other good presidential candidates than it would be to fill their places in the Senate. If they should be taken out, it would make a deplorable and irreparable rent in the body, and furthermore, on the principle that "a bird in hand is worth two in the bush," we are in favor of keeping all we have and getting all we can.

## What is Being Said and Done in a Small Way.

J. F. Myers returned yesterday morning from his San Francisco trip.

Asa Dawson will leave Reno in a day or two for Washington Territory.

Dr. Dawson has returned from Boca where he has been on professional business.

Edie Eggleston calculates leaving for the Wood River country in a day or two.

Gen. Thos. H. Williams was a passenger on Sunday night's west bound train from the East.

The next attraction at the theater will probably be Calender's Celebrated Colored minstrels.

Myers' drug store floor has been covered with oilcloth, which adds greatly to the good looks of the cozy little place.

The weather continues lovely, the temptation being such as to make staying at home just as pleasant as a trip to the lakes.

Sixty members of the D. W. T. Commandery of Virginia City will attend the Grand Conclave of Knights Templar in San Francisco.

Constable Nash arrested two squaws Sunday evening for being drunk and disorderly. Justice Young yesterday gave them 10 days.

Dennis Kearney and Stephen Maybell, Workmen's Representatives to the Chicago Anti-Monopoly Conference, passed through Eastward Sunday.

Rev. A. B. Palmer, accompanied by his son Bertie, leaves Reno to-morrow on his Summer vacation, and will go to Yosemite overland via Carson and Tahoe.

The dining room windows of the Depot Hotel now resemble the interior of a high-toned Episcopal Church. They are the best imitations of stained glass ever seen in this section.

In the Department of Music—Kittie Grippen, Cora Manning, Currie Meily, Emily Longabaugh, Lu'u Ludlow, George Strong, Guy Manning, Agnes Rowland, Hattie Rowland and Abbie Mason.

G. W. Mapes, purchaser of Manning's half, and Jerry Schooling, administrator of the estate of Duck, are talking of extending the old Manning & Duck stores back to the alley. The addition would be thirty feet.

The following is the roll of honor in the Washoe school for the term ending June 22, 1883: Ella Smith, Neva Winters, Ida Sauer, Bettie Ancker, Maggie McNamara, Jessie Porter, Lucy Ball, Frank Sauer, Grace Porter, Archie, Winters, Clara Marker, Louis Sauer.

The infant baby girl of Mr. and Mrs. Robert Borland, of Rye Patch, died at the Depot Hotel Saturday night. The parties were returning home from California, but stopped off here to see if something could not be done for the little one. It was troubled with inflammation of the kidneys. The darling one was buried yesterday.

The Virginia folks intend to treat 4th of July visitors well. At the last meeting of the Committee of Arrangements a special committee of three was appointed to provide a collation for the Reno Guard, and \$50 was set aside for that purpose. John Egau, Colonel Lord and Alex. McCone were the committee appointed.

The Pioneers' picnic Sunday was not as largely attended as it should have been, but the programme was carried out to the letter, and everybody speaks well of the day's sport. Vice President Cain covered himself all over with glory for his work, and Reno backed him up first-rate.

The new mill for the Mt. Cory mine will be built after the pattern of the Geddes and Bertrand mill, close to Eureka. It will consist of a revolving crusher and a Brookner furnace, and will have a capacity of eighty tons every twenty-four hours. It is to be completed by the 1st of September, and will cost \$150,000. The Mt. Cory mine is jointly owned by J. C. Flood, J. L. Flood, George R. Wells and Alexander G. McKenzie.

The original suit of the Holmes Mining Company against the Northern Belle Mining Company for damages for the alleged extraction of ore from Holmes ground was recently dismissed without prejudice. The Holmes Company, however, is about to bring another suit. R. S. Mesick and Estee & Boat are the attorneys of the plaintiff. The San Francisco Post is informed that all the Holmes stockholders will receive a pro rata of the damages recovered in case the suit is won.

## "CONSOLIDATED" OUT.

Capt. F. Lord "Consolidated" Out of Office.

The President's order consolidating the internal revenue collection districts, thereby reducing the Government's expenses, was issued yesterday, and by it the district of Nevada is added to the Fourth California district, and Capt. F. C. Lord's services as collector dispensed with. The salary has been \$2,500 per annum. The collector has been allowed three deputies, one at \$1,800, Capt. Mathewson, and two at \$1,500, A. Wise at Winnemucca and J. E. Jones at Eureka. These gentlemen will of course remain unless the new collector should remove them.

## Fourth of July at Carson.

There is to be a children's celebration at the Carson Opera House on July 4th at 11 A. M., in which all the children of Carson are invited to participate. Wells Quarry has kindly consented to deliver a short oration. The Declaration of Independence will be read by Blanche Atherton; an appropriate poem by Mrs. H. E. Howe. An attractive programme will be presented of patriotic songs, recitations, etc., by the children. To defray expenses a committee will sell tickets to adults at a very low rate. This celebration is gotten up by the ladies of the Methodist Church, in connection with an ice cream, strawberry and flower festival to be held by them in the old Theater Hall on the 4th of July. Advertisement of programme will appear in these columns in due time.

## The Sitting Waltz

A new dance has been introduced into fashionable circles. It is called the "sitting waltz" and is danced in this manner: The parties remain seated while the music is played, the gentleman having his arm around the waist of his fair partner, who gently lays her head on his manly breast while they take each other's hands. This saves the trouble of whirling around the room and is far pleasanter than the old style, which is fatiguing. A great many people do not fancy the new idea, but, in principle, it is just about as good as the other way and possesses the advantage of not tiring those engaged in it.

## Roll of Honor.

The following is the Roll of Honor in the Academic Department of Bishop Whitaker's School for Girls, for the month ending June 20th: Armenia Grippen, 99%; Cora Manning, 99%; Flora Northrop, 98%; Ida Pullman, 98%; Mary Strong, 98%; Kitty Grippen, 98%; Hattie Rowland, 97%; Louise Sissen, 97%; Agnes Rowland, 97%; Hattie Schooling, 97%; Emma Cutting, 97%; Sallie Dunkle, 97; Clara Schooling, 98%; Jennie Vosburg, 96; Abbie Mason, 95%.

## Excursion Rates.

The Carson and Colorado Railroad have established the annexed low rates for the benefit of those intending to visit Candelaria for the purpose of taking part in or witnessing the celebration to be held there on the 4th of July: From Virginia and Carson, ten dollars; Reno, twelve dollars; Hawthorne, four dollars and fifty cents; Bishop Creek, five dollars. All these prices are for round trip tickets good on the 3d, 4th and 5th of July.

## Decoration of the California State Fair Building.

At the State Fair the exhibition hall in Sacramento will be dressed throughout with sheaves of grain. The Record-Union says the plan is to ask all the farmers of the State to aid in the work, by each one contributing at least one sheaf of barley, wheat, oats, rye, or a sheaf of corn. Those intending to contribute should notify the Board, and it will respond with directions for the transportation of the packages.

## Farm Hands in Demand.

Farmers write from Paradise that hands are in demand in the hay field. Men get two dollars per day and board and steady employment. That is much better than riding on brake beams over the railroad, yet some able-bodied men prefer beating the railroad and begging for bread to earning a living by honest labor.

## Palace Restaurant.

This popular eating place offers excellent meals and first-class accommodations to all its patrons. There is a separate dining-room for ladies and families. All the substantial and delicacies in the market are daily served up. The charges are very reasonable, and the attendance is all that could be desired.

## Uniform Suits.

It is reported that railroad men on the O. P. R. R. will shortly be uniformed, as they are on many Eastern roads. Conductors and brakemen will be distinguished from engineers and firemen by different colored stripes on their pantaloons.

The most healthy and popular drink of the season is the ice cold soda water, sparkling with purest gas and flavored with true, delicious fruit syrups, to be had only at Queen's soda fountain.

## Nevada County Reunion.

Former residents of Nevada county will be interested in learning that the seventh annual reunion of the ex-residents of Nevada county took place last Sunday at Shell Mound Park, there being a fair attendance. Robert Bell, President of the association, delivered an address of welcome, followed by addresses by Dr. C. D. Cleveland and W. B. Ewer on the recollections of the former years of Nevada county. The election of officers then took place, which resulted in the choice of W. B. Ewer as President; Dr. C. D. Cleveland, First Vice President; Joseph Worrell, Second Vice President; Watt Holm, Secretary, and John M. Days, Treasurer. Dancing took place in the Pavilion under the direction of F. H. Fisher, Floor Manager. George Dixon, A. Tollywood and F. H. Fisher had charge of the singing and games.

## The Comstock.

Yesterday morning the Union crosscut was in 58 feet. The Virginia Chronicle is informed that the face is now in a formation almost entirely of porphyry. The quartz has disappeared. This is considered as indicating a near approach to the ledge. There is still very little water.

At the Hale & Norcross the ore still shows in the bottom of the prospecting winz. Progress is very slow on account of the heat. The upraise it is hoped will be finished about the 1st of July, and then rapid work can be done if nothing unforeseen happens to prevent.

## Picnic Excursion.

Reno M. E. Sunday School picnic excursion will leave on the V. & T. road for Steamboat Springs, on Saturday morning, June 30th, at 8 o'clock. A cordial invitation is extended to all who wish to pass a cool, pleasant day. Tickets for the round trip are 50 cents for adults and 25 cents for children outside of the school, which are to be had at the Postoffice, Brookins' and Nasbys' or of Rev. Geo. DeLaMaty or F. McRae, C. P. freight office.

## Stocks Say "Thumbs Up"

The stock market recovered its wonted activity yesterday, and there was an advance of from ten cents to a dollar in nearly every stock on the list. Eureka Con. astonished the natives by selling at 8, Hale & Norcross touched 7 1/2 again, and Union rallied to 5 1/2.

## Music Lessons.

During the vacation of the "School for Girls" Miss May Carr will give instrumental or vocal lessons to any of Miss Quaffie's pupils or others who desire instructions. See notices in 50 cent column.

## Found His Man.

Sheriff Brown, of Storey, came down from Virginia yesterday after a colored gentleman by the name of Bennetts, our officers having kindly taken him in. Bennetts knifed another colored gentleman at Virginia two weeks ago.

Mr. and Mrs. Levy, nee Leah Frederick, came up from the Bay Sunday morning, and leave for Quincy this morning. During their brief stay in Reno they were called upon and congratulated by an army of friends.

## Good for Babies.

With a baby at breast nothing is so useful for quieting my own and baby's nerves as Parker's Ginger Tonic. It prevents bowel complaints, and is better than any stimulant to give strength and appetite.—A Newark Mother.

Yesterday was a very quiet day around town.

## Home Comfort.

After a Rainy Ride a Country Physician Tells What He Thinks of Some People.

"I wish to precious some people would learn when they need a doctor and when they don't," exclaimed Doctor E., as he entered his house in a cozy little village in the interior of the State of New York, after a tedious night ride of many miles. "I have been down among the mountains to see a man, who the messenger said, was very sick and not likely to live till morning, unless he had immediate help; and found him suffering from a sharp attack of colic, which his family might have relieved in ten minutes, if they had a grain of sense and two or three simple remedies in the house. But no, they must remain ignorant as pigs and when the least ache or pain takes them, send for a doctor, whether they ever pay him or not."

"Why, Doctor, what kind of simple remedies, as you call them, do you expect to keep in the house?" asked his wife, as she poured him a cup of hot tea.

"In this case," answered the Doctor, "if they had only put a BENSON'S OAPICINE POROUS PLASTER on the man's stomach, he would have been all right in an hour, and saved me a dreary ride."

In all ordinary complaints it cures at once. All diseases are eliminated from the system by what may be roughly called expansion or extraction, or by a union of two processes. Benson's Plaster promotes both. It incites the torpid organs to act, and sends its healing, soothing influence through the myriad pores of the skin. All other plasters oblige the patient to wait. They give him hope for to-morrow. Benson's Plaster gives him help to-day. Which is better, do you think? Buy the OAPICINE and keep it in the house. Price 25 cents.
